Re: Bremerton Gas Works Superfund Site Draft RI/FS Work Plan Outline

*Kalle*  
Dear Ms. Godel:

I am writing with regards to the proposed Annotated Outline for the Draft Remedial Investigation/Feasibility Study (RI/FS) Work Plan provided to EPA for review in December 2014. We have reviewed the proposed outline, as well as the proposed tables of contents for the Quality Assurance Project Plans for the uplands and sediment site investigation work, and find them appropriate for use in project planning efforts for the site.

With Cascade Natural Gas Corporation's receipt of this letter, EPA expects the Draft RI/FS Work Plan to be submitted to EPA no later than 30 calendar days after today's date, as agreed to in our February 24, 2015 letter to you.

If you have any questions, please do not hesitate to contact me.

Sincerely,

*William M. Ryan*  
William M. Ryan  
Project Manager
